Cortina d'Ampezzo. The twelfth edition of the WinteRace Cortina will be held from March 13 to 15, 2025, and registrations have been open since September 1. The first to confirm their participation were six crews from Belgium. The WinteRace Cortina is an A.S.I. (Italian Historical Automobile Club) event and will be listed on the calendar under the name of the Circolo Veneto AutoMoto d'Epoca Giannino Marzotto. The WinteRace format, which will allow only 70 cars to participate, including 50 historic vehicles and 20 Icon cars produced from 2000 to today, selected for their status as iconic benchmarks of the global automotive industry, has been confirmed. The race consists of two stages, starting and finishing in Corso Italia in Cortina d'Ampezzo, covering approximately 460 kilometers, mostly along Dolomite roads.

The first stage includes crossings of Forcella Cibiana and Passo Duran, followed by a stop in Agordo, then passing through Gosaldo and over Passo Cereda to reach Primiero, with a visit to the Palazzo delle Miniere. After the trials in Siror, the cars will be presented to the public in San Martino di Castrozza, before stopping at Malga Ces and returning to Cortina d'Ampezzo via the legendary Rally San Martino di Castrozza roads, crossing Passo Rolle, Passo Valles, Falcade, Lago di Alleghe, and Passo Falzarego.

The second stage will cover both Italian and Austrian roads, with a route passing through Passo Tre Croci, Lago di Misurina, a stop at Loacker's headquarters in Sillian, and continuing along the regional road that crosses Obertilliach from Osttirol into Carinthia up to Kötschach-Mauthen, then returning towards Lienz. A public presentation of the crews will take place in the Austrian town. The afternoon return to Cortina d'Ampezzo will include passing through Dobbiaco and Cimabanche.
